GRAND OPENING

DWIGHT EUBANK RAMBLER Sales & Service

Tired of high pressure and low mileage? Both of these problems are whipped for you, as of today, with the Grand Opening of Dwight Eubank Rambler!

Gimmicks and gadgets, so commonly associated with auto sales, are out. This is policy, a hard and fast rule, in the home of Torrance's newest new car dealer.

Why? Dwight Eubank says no gimmick or gadget is needed to sell you on the idea of saving money.

And that's what you do—and in comfort—with the car he offers, the Rambler, America's only auto offering the compactness and easy mileage of a foreign car PLUS the roominess and riding comfort of so-called big cars.

NEW SAVINGS FOR TORRANCE MOTORISTS

Answer this question: "Do you own your car—or does it own you?"

The point is this: New car depreciation during the first year of operation can be as high as one-third of the original cost of the car! Gasoline economy can, and does, hit a low of nine miles per gallon. Service calls can heap hundreds of dollars additional hurt on top of this!

But not when Torrance drivers drive Rambler and fine cars in the Rambler line.

Check these facts: Rambler has the highest dollar-for-dollar resale value of any car built in America. And the trim Metropolitan delivers 35 to 40 miles per gallon. Service? See for yourself the construction of Rambler cars, features unmatched in any other U. S. made car that gives trouble-free miles of driving pleasure.

Most important of all, Ramblers cost you so much less when you first buy.

Come in to Dwight Eubank Rambler today. Take the wheel of a Rambler and test drive it. You'll find yourself discovering once again that driving really can be fun.

Add it up—Rambler costs less to buy, less to run, but gives you more resale value when you trade it in.

This means more and more savings every day to you, Torrance drivers when you drive out in a Dwight Eubank Rambler!

OPEN LETTER TO THE PEOPLE OF TORRANCE

We earnestly desire that you give us the opportunity to prove our sincerity when we say that we MUST and we WILL become Torrance's quality dealer.
